developed field. They will extend thu Un h Southern Railroad from its present terminus at Lehi, 100 miles south of Salt Lake city, across Arizona eige Prescott and Phoenix to San Diego. It is safe to predict that within two years, New York and San Francisco will be united by rail via the Union Pacific and Utah Southern Railroads under the same management, and with unlimited capital to build it up. The distance will be 3,000 miles.

[R. F. Straine in a New York paper.]

The vast proportions being rapidly thinged by the mileous extent in a short period. They have designed also to build and extend the Georgeattained by the railroad system in the southwest, and the vital importance of the various railroad enterprises which have been projected to complete it, are now commanding seaboard. It is hinted that this mogeneral and marked attention in the commercial world. Serving as the active measures to protect its inter-Or No Sale. principal factor, they are being prospected by the Cartest Railroad is completed in unison with the great principal factor, they are being promoted in unison with the great movement set on foot to prepare a new and larger field for advancing civilization by penetrating the great wilderness comprised in the great southwest region.

Southern Pacific Railroad is completed, the Central Pacific, which is controlled by the same management, will cut loose from the oppressive restraints and grinding demands imposed upon it by the Union Pacific nanagement. Over the 32d parallel route, the Southern Pacific which is controlled by the same management, will cut loose from the oppressive restraints and grinding demands imposed upon it by the Union Pacific will encounter the controlled by the same management, will cut loose from the oppressive restraints and grinding demands imposed upon it by the Union Pacific will encounter the controlled by the same management, will cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands imposed upon it by the cut loose from the oppressive restraints and grinding demands in the cut loose from the oppressive restraints and grinding demands in the cut loose from the oppressive restraints and grinding demands in the cut loose from the oppressive restraints and grinding demands in the cut loose from the oppressive restraints and grinding dem counter no climatic conditions to in-terfere with uninterrupted travel, such as is experienced on the more

A GOOD WORD FOR ARIZONAL To sum up, we find that in the great network of railroads projected, their completion is assured. Already there are now five of them with their their value and importance have been established. The flattering and tangible results of what is being accomplished, and the remarkable success seaboard) in process of construction, and all struggling to control the vast trade of Arizona, Mexico and China. An immense agricultural, grazing and mineral region will thus be openfriends and the public dence of the grander results yet to be achieved upon their completion. This offers an explanation also of the veloped resources of Arizona, New time forth we will cease to sell for credit on any terms whatever. We are aware that in order to do aware that the walk of our country.

surpasses arything that the pust has witnessed—one whose beneficial in-fluence will have no territorial limit, but will be felt in the east as well as in the west, in the south no less than

A CHANCE FOR SETTLERS.

The Colony on the Colorado River. [From the Yuma Sentinel.]
